

### Committed to best quality

- Jacobi carbon
- Japanese coral calcium alkali

### User friendly

### Small water cluster

- Very fast & easy absorption into the body

### Environmental friendly

- No waste generated
- No electricity needed

### Reasonable price

### Leading edge technology

- Nano Silver integration to kill germs

### 100% natural enhancer

- Natural alkaline level (pH8.5 to pH9.5) to neutralise body acid
- Natural antioxidant to eliminate free radicals
- Able to remove toxic, acid and fat naturally
- Natural mineral supplement

### Solid carbon block

- High pressure extrusion
- Extended life span
- Super compact for better filtration
